Dear Ludwig

Offers, the Canaanitish giant
has been with me. and urged
so strongly that I make a
sketch of him that I spent
most of Christmas week doing
it. I had intended showing
him to be a wild sort of savage
until the Christian thought
revealed the higher life. But
he insisted on being sketched
as an unawakened soul. that
was gradually developed thru
various experiences into an
understanding of the Christ
spirit in man. I hope you

will like the sketch. I did
not make it, but "my demon"
directed every stroke. I have
rarely been so possessed by
an idea. Of course it remains
to be seen if it will suggest a
musical setting to you.

(Please tell Jenn that Grace
Fulmer wants to meet her
at the college on Jan 7th
at eleven o'clock.) I would
like to consult with the
orchestra soon.

Yours,
Louis, R.H.
